**Emma Large is a Green status independent Younique presenter based in Scotton near Knaresborough**

?I love being a Younique Presenter! Owning my own Younique business allows me the opportunity to work from home, choose my own hours, and dictate the time and effort I want to put into my business, on my own terms. I am happy to be your personal Younique Presenter to show you all of these amazing products. Please browse my website and feel free to contact me with any questions. Younique keeps things fresh, new, and exciting by always adding new products to their cosmetics and skincare lines. I love their products! If you would like to earn Hostess Rewards by holding a home party or event or even an online Virtual Party, I can show you how to earn free products from the comfort of your own home! I feel so empowered by this business! If you would like to learn more about the products, or how you can earn extra cash by selling these products and becoming a Presenter, please let me know! Whether you are interested in joining my company, or purchasing amazing products, you came to the right place. Bookmark me and return often!?

Younique is a fresh take on the social marketing, work from home concept. There are quite a number of work from home opportunities out there. Some good, some really not so good. Younique is outstanding in the field as it offers presenter the opportunity to earn worthwhile sums of money, selling high quality cosmetics which are based on natural ingredients and not tested on animals, to customers and friends who are more than enthusiastic about the products. All of which have a 14 day love it guarantee.
